Mayor Lindsey opened the public hearing regarding Ordinance NS300 at 7:10 p.m. The Mayor asked if there are any comments. City Manager McCourt reported he had received one (1) verbal comment from the public and concerns provisions of developed property. Under State there is some minor development that has to occur. Normally that has not happened and need to further define the Ordinance. Staff recommendation is to move forward with passage and will bring defined back for consideration at a future date. Mayor asked are there any other comments or questions. Vice Mayor Cronberg has heard some concerns on item #5-2-4 (A) Accumulation of vegetation prohibited.... Greater than ½ acre are exempt. We need to keep things clear to keep down vermin and fire hazard, safety and health. It is a concern to her that we want to leave ½ acre lots to be an eye sore when smaller areas are not exempt. Mayor Lindsey asked any other comments and hearing no further comments he closed public hearing at 7:12 p.m.

**PRESENTATION BY FORMER WILLCOX HIGH SCHOOL ALUMNI BILL JACKSON REGARDING WILLCOX ALUMNI VIETNAM MEMORIAL**

Mr. Bill Jackson thanked the Mayor and Council for putting this on tonight's agenda. Some members were at the All Class Reunion where he spoke and they very interested in doing this. Got together to form committee and he was chosen Chairperson and 6 of the 7 members on the committee are from Willcox. The picture in Council packet the Committee is looking only at the M16, Helmet, Boots and Granite below. That is at 4' and granite base is another 20-24 inches. The Committee saw that Railroad Park has flag pole and also has the World War II segment and thought this memorial would be ideal in front of the flag pole. Driving by we miss everything except for the flowers. Mr. Jackson commends the City for its POW and MIA flags flying and need to thank the Governor for making that happen too. The Alumni would like to dedicate this on 11-11-2011 which is Veteran's Day and a year from now. That will allow them to gather \$8-\$10,000; the committee is non-profit and anything left over will be given to the School or other organization that they may deem helped. That has not been figured out yet because they do not know what will be left over. This time gives the Committee two (2) Rex Allen Days to collect money. There are people right now willing to donate and as of

**THE MINUTES OF THE REGULAR MEETING OF THE MAYOR AND  
CITY COUNCIL OF THE CITY OF WILLCOX, COCHISE COUNTY, AZ  
HELD ON THIS 20<sup>TH</sup> DAY OF SEPTEMBER 2010**

5:15 p.m. today arrangement made at Compass Bank and they will be the Bank holder. People out-of-state or in Phoenix or other places will be able donate at any Compass Bank.

Mr. Jackson would "love to see" the Memorial at Railroad Park and committee members will be meeting with Mr. Bonner on Wednesday to see if they approve that location. This is very touching to him since he is a Vietnam Vet and there were plenty of Vietnam Vets that did come home that lived in Willcox. He is not sure if it is legal or possible to do and when he was traveling through the States with Rolling Thunder when they entered some of the cities they had a sign: "Home of an MIA" and thinks we do not want to forget that and that sign in itself it says everything. Mr. Jackson is here this evening to answer questions if any. The memorial speaks for itself and it was very well done. All the verbiage will be passed through the Mayor and Council so that there will be no surprises when unveiled.

City Attorney asked if they have received any donations and Mr. Jackson stated "yes" in order to open an account as a member of Compass Bank he asked the teller for money and was the first to make a donation. The checks should be made to Willcox Alumni Vietnam Memorial. Mr. Figueroa stated he will donate \$100.00. Thank You! Mr. Jackson and committee members will be contacting the newspaper and they know of five (5) people they will be putting on the plaque and if more were missed and who did not come home or if there is more that they have missed then they will have enough money somewhere to pull off that plaque and add more names. They plan to have a float during Rex Allen Day's with names on a banner at the bottom.

Councilman Irvin asked the cost and Mr. Jackson replied it is from \$8-\$10,000.00. Mayor Lindsey stated he appreciates him and his group taking the time to put the effort into this to make this happen and Mr. Jackson said "it is our honor to do this for fellow friends and classmates." The Mayor talked to Mr. Jackson during the Reunion. Mr. Jackson thanked the Mayor and Council.

City Manager McCourt repeated the direction to staff is to work with them to have memorial on Railroad Park and Mayor Lindsey added and to determine the best place for this to be and direction is to continue to work with them. Thank You!

**DISCUSSION/DECISION REGARDING ORDINANCE NS300 AMENDING THE WILLCOX CITY CODE, TITLE 5, [HEALTH AND SANITATION], CHAPTER 2 [NUISANCES], SECTION 5-2-4(A) [UNLAWFUL ACTS], BY REFERENCE, REPEALING THE CURRENT SECTION 5-2-4(A) AND PART OF ORDINANCE NS298 RELATING TO REPEALED SECTION 5-2-4(A) AS ENUMERATED HEREIN;**

**MOTION:** Councilman Donahue moved to adopt Ordinance NS300, as stated, relating to Amending City Code Title 5, Chapter 2, Section 5-02-4(A), by reference, repealing current Section 5-2-4(A) and part of Ordinance NS298 repealed Section 5-2-4(A).

**SECONDED:** Councilman Klump seconded the motion. **DISCUSSION:** Councilman Johnson asked if going to allow area of ½ acre and above to grow wildly who is responsible if fire breaks out and goes to neighbor's house. Chief Jake Weave explained if fire breaks out on property the City Fire Department would be tasked to prevent extensive and/or minimum damage to adjoining property. From legal standpoint he is not the best person to respond on the costs. It does fall on their shoulders to fight the fire. City Manager McCourt added that the property owners are responsible and question is who started the fire. Currently if the property is un-maintained the City would be liable under the current code. We have a lot of very large vacant acres and there is nothing sacred about the size of ½ acre. At some point we will need to make that determination. It is very normal to have this exception for large areas. The ½ acre is debatable or perhaps larger. Building Inspector Jeff Stoddard explained Zone I-2 and R-R-1 or the NE section of the City (Haskell Avenue); everything behind these buildings (Public Safety & Development Services), Fire Station #2 across the road; acreage behind the school, and along Jonnie Drive they would have to be mowed. Councilman Johnson asked how many ½ acres do we have and Mr. Stoddard replied "not very many." The Councilman then asked how many 1 acre and Mr. Stoddard replied "not sure." Councilman Johnson stated his concern is the property next to IGA and Mr. Stoddard explained that is developed land and does not fall under this section. Also Mr. Stoddard said that State land property on Airport Road they have concession stand and because it was developed. The property to be exempt has to never been developed. Vice Mayor Cronberg prefers the word "undisturbed" rather than "undeveloped" and asked if that is possible concern. Mr. Stoddard suggested we need to write in ½ acre and above and maybe after 10 years if nothing done then it

**THE MINUTES OF THE REGULAR MEETING OF THE MAYOR AND  
CITY COUNCIL OF THE CITY OF WILLCOX, COCHISE COUNTY, AZ  
HELD ON THIS 20<sup>TH</sup> DAY OF SEPTEMBER 2010**

becomes “undisturbed.” Councilman Klump explained in natural areas, never touched, certain things will grow on the property not only weeds but grasses and not likelihood for fire. Worse thing to do is go back and mow and cause more dust. The dust would be worse if i.e. area across the street would be mowed. Vice Mayor Cronberg stated she does not have a problem with undeveloped land, her concerns are the lots between developed areas especially along Haskell Avenue. Mr. Stoddard explained those lots are disturbed and Vice Mayor Cronberg said then falls on Code Enforcement and Mr. Stoddard replied in the affirmative. Mayor Lindsey presumes this is area if wanted to come back and change definition then it could be changed through the code. Mr. Stoddard explained the property owners will have to maintain the area away from sidewalks, and visibility around the corners too.

City Attorney Figueroa stated the legal question mentioned when worried about liability he said anybody can file lawsuit and sue. That does that mean prevent “no” and since he has been here we have had claims and lawsuits and they don’t always prevail. Claims can be filed against the property owners who are responsible for their own properties, sanitation, hazard materials, junk cars, the code allows procedures for abatement, and accumulation of debris and those codes can be used. The property across the street, if it caught on fire, there are utility poles from SSVEC and they would have something to say, and the adjoining property owners too if there property was damaged or destroyed. Recently wall fell down in Historic District and there are civil remedies. We have to remember Prop 207 went into effect and if property owner does something to diminish the value of next door property they can be sued. City can also be sued if granted i.e. in Casas Lindas the City permitted a trailer then that would diminish property and they can sue the City. In this aspect undisturbed property you can do this and be aware if undisturbed, never mowed and we not putting ourselves in that position. If we go with the ½ acre we will have more individuals that will go in and mow and not disturb the ground. Mr. Figueroa has reviewed this code and stated he is not paid to do Administrative work only Legal and Mayor and Council need to know all the circumstances. The City Attorney thanked Mayor and Council. **CARRIED.**

**DISCUSSION/DECISION SAFEWAY’S SECOND ANNUAL WILLCOX WALKS TOGETHER FOR A CURE AT KEILLER PARK ON OCTOBER 23, 2010 AND REQUEST THE CITY TO SPONSOR THE EVENT BY ADVERTISING THE CITY’S LOGO ON THE BACK OF THE T-SHIRTS TO HELP CANCER RESEARCH AND AWARENESS**

Mayor Lindsey asked the representatives from Safety to address the Council. Mr. Jim Main stated last year was the first year and raised \$3,500 for Breast Cancer Awareness. There were 130 participants and very successful event for the community. About 85 people were present to walk from Keiller Park. Ms. Christy Brooke handed out t-shirts given out last year to the participants and they had 16 sponsors. Last year they had different rate levels and this year it is one at \$250.00. Mr. Main stated that special consideration and thanks to the City and newspaper for its cooperation, participation and allowing them to have the Walk. They are here tonight to request the City to be one of the sponsors, and allow them to have the same location for the walk which is the front part of Keiller Park, and electrical use. Last year they had people from Phoenix, Virginia and Northern California pay to participate in the walk. Safeway is hoping to double donated amount especially from support from the City.

**MOTION:** Councilman Donahue moved to support the request from Safeway for the sponsorship of the 2<sup>nd</sup> Annual Willcox Walk Together for a Cure at Keiller Park on October 23, 2010, and request the City sponsor the event by advertising the City’s logo on the back of the T-shirts to help Cancer Research and Awareness.

**SECONDED:** Councilman Irvin seconded the motion. **DISCUSSION:** City Manager McCourt asked the Mayor and Council if this is Council Action Form to support \$250.00 and is that what the Council is saying. Mayor Lindsey did not understand. City Manager McCourt said he thinks the request is; Council sponsor \$250 and agenda report suggests \$250 from location within the existing budget to get that paid out of and asked is that the direction. Vice Mayor Cronberg said motion reflects the recommendation that was listed in their packet and if misspeaking she is sure someone will point that out to her. Councilman Johnson said he personally supports Breast Cancer Awareness and his sister had Breast Cancer and donates to her annually as well. She just recently had her walk in Colorado and his counter offer to the Council is that each one of the Council members “kicks in \$41.33” to cover the \$250 in lieu of taking it out of the Council’s budget which would leave \$333 for the remainder of the fiscal year. That leaves the door open for all other entities to come and request for the City’s participation and sponsorships as well. Councilman Klump asked Councilman Johnson if he is making an amendment to the motion and Councilman Johnson said he is making a suggestion. Councilman Klump recommendation is to leave motion as is and Vice Mayor Cronberg called for the question. **CARRIED.** Mr. Main thanked the Mayor and Council.

Vice Mayor Cronberg stated they have two (2) people interested and have had lots of trouble filling that board and sounds like a good idea to her. **DISCUSSION:** Mr. Bill Nigh asked to make remark that Sharon was filled this position with Fife Symington in the State Level. She is very good in research and very supportive and interested in historic research and will be very active. He thanked the Mayor and Council for the nominations. **SECONDED:** Councilman Johnson seconded the motion. **DISCUSSION:** Mayor Lindsey stated if we can get the money to purchase we certainly need them because not sure those Dodge's are going to last that much longer. Chief Weaver said the three (3) Dodge's trying to replace are 2003. Two (2) already had engines replaced and under warranty and in process right now possibly have another and looking at warranty. Contacting manufacturer to make sure that it is still covered by warranty. Budget Vehicle Repairs \$5,000 annually and last exceeded that by \$12,000 to repair these 3-vehicles.
